Dear Sirs:

Replying to your favor of August 20th. regarding
the Dermody policy #3885.

We are returning this policy to you together with
the papers pertaining thereto.

Desiring to give Mr Walton, the new owner, imme-
diate protection, and as he is not here to sign
the papers you have sent, we are placing insurance
for the protection of the house in another company
today, and request that you arrange direct with
Mrs. Dermody regarding the extra insurance she
desires on her furniture. Please address her at
Los Altos.

Yours truly,

Mr. Featherston reported having investigated property of Mrs. Bertha A. Moore. - Policy 3008.

House all completed except some outside finish around the foundation. Out buildings not all completed, but Mr. Featherston that about \$300.00 or less would complete all the buildings. That the Company was safe in carrying the insurance under wording of present Policy, except that he that the insurance on the large out-bldg., Tank-house, Shed, Shop, and Engine was a little high. The bldg. on application is placed at \$500.00 val. - He that about \$350.00 would be better, as some of the lumber is not new.

Dear Sir :-

NO PRICE CHANGE IN SIX YEARS. Certainly that's a record to be proud of. And we are proud of it. You must be too, for it's the record of your annual subscription rate to the Quarterly Cumulative Supplements to Shepard's California Citations.

During this period publishers' costs have risen to heights unprecedented in the entire history of the business. In consequence, newspapers, magazines and other periodicals have been forced to raise subscription rates from 25% to 100% and a number of periodicals of large national circulation have been forced to suspend publication altogether. These are matters of common knowledge and make further comment superfluous.

Thus far in accordance with our long established policy of maintaining minimum prices so that lawyers even in moderate circumstances might avail themselves of the benefits which Shepard's Citations afford, we have, as the result of more efficient management, extraordinary economies and enlarged sales, avoided any change of rates.

The time has now come, however, when it is imperatively necessary to make a very moderate readjustment, a difference, to be exact, of a little less than 3¢ a week, \$1.50 a year. The annual subscription rate of \$7.50 for the Quarterly Cumulative Supplements to Shepard's California Citations is, therefore, now effective, as shown on your subscription bill enclosed herewith.

We are confident that your appreciation of our past record, no less than your esteem for Shepard's Citations, will lead you to accept the new rate as the reasonable measure that it is. Unlike most legal publications the Supplements to Shepard's Citations are now entered at the Post Office as second class matter on which the postal authorities require advance payment of subscriptions just as on newspapers, magazines and other periodicals. In the observance of this requirement we are depending on you for co-operation in the form of prompt acceptance and payment of the enclosed statement.

Thank you.

Very truly yours,

Frank Shepard Company

Aug. 3, 1920.

Santa Clara Co. Fire Ins. Co.,

Gentlemen:

Enclosed please find application for insurance duly signed. I think the amount of the insurance being a two-thirds valuation policy is inadequate. I am enclosing herewith a copy of the valuation placed on the property by another insurance company, amounting as follows:

	VALUE	RECOMMEND.
House	\$4,000.00	\$3,000.00
Wood Shed		
Dipping Shed		
Hen House		
1,000 Trays		
Pump House	2,925.00	2,200.00
Dipping Plant		
with		
Grader Gas Engine		
Large Gas Engine		
350 Lug Boxes		
Barn	500.00	400.00
Tank House, garage		
and windmill.	1,000.00	750.00
Totals	\$8,425.00	\$6,350.00

I think the very least insurance that this property should carry is the amount they have suggested, namely: \$6,350.00, then I am perfectly willing to put it on a two-thirds value, which will bring it down net something around \$5,000.00

If you do not feel like carrying more than the \$2990.00, I will place an additional \$2000.00 with some other company. In every case it would cost almost double the insurance to replace the buildings at this time, however, it may cost less inside of the next three years.

I should like to have your response giving me a duplicate policy or at least a letter indicating the number of the policy,

CLASSIFICATION OF RISKS.

First-class, detached dwellings and contents for the purpose of assessments, in event of loss, be charged as basis rate on each \$100 of valuation, 50 cents.

DEFICIENCIES—

For one or more stovepipes extending through the roof, floor or side walls, add to basis rate, 50 cents.

For one or more terra cotta flues extending through the roof, floor or side walls, add to basis rate 10 cents.

For cloth lining for whole or part of any dwelling, unless closely tacked to wall and papered or painted, add to basis rate 25 cents.

Detached barns or stables and contents rated at \$1.50.

Barns over 400 feet from dwelling, used for storage only, rated at \$2.00.

School-houses and churches rated \$1.50.

Fruit Driers, \$4.00.

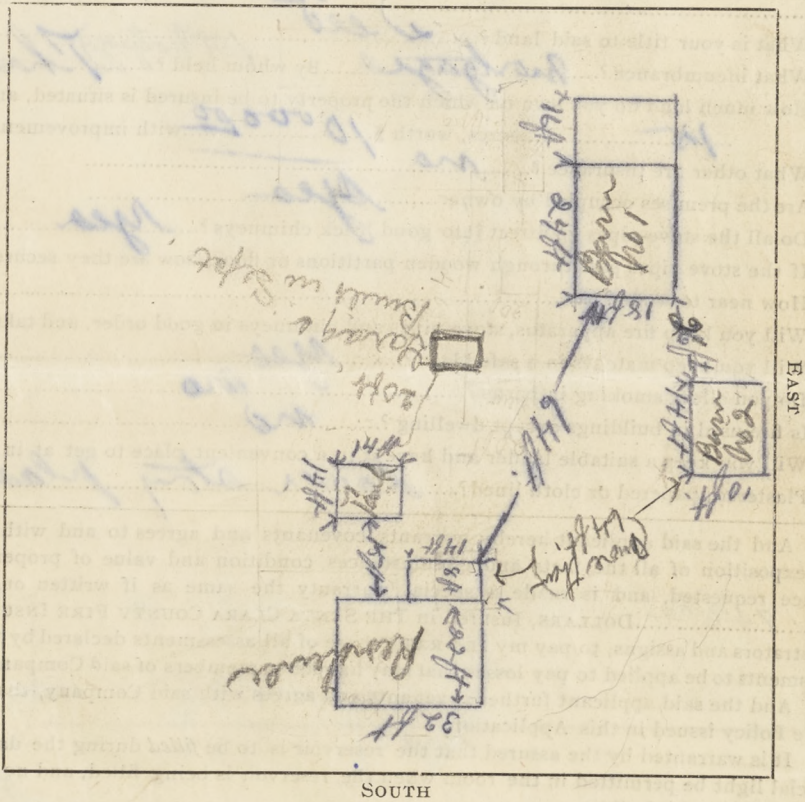

All buildings to be detached and not less than 60 feet from other exposures. 25 cents on \$100 added on all buildings less than 60 feet from exposures.

Contents to rate the same as the buildings in which they are kept.

An outbuilding (except a barn or stable) in which no fire is used, is not an exposure to a dwelling; but a barn or stable is an exposure to a dwelling, or a dwelling is an exposure to a barn or stable.

When two or more buildings adjoining or adjacent are occupied by the same person for a common purpose so that the buildings, although separated, constitute a single hazard, are not exposures to each other.

Mailed to L. E. Byers Aug. 3, 1918

NOTICE TO AGENTS.

On diagram show all buildings insured, and all exposures within 100 feet; say just what each building is occupied for, and mark distances in figures between all buildings shown on Diagram.

Barn No 2 measures a greater distance from residence than Barn No 1.

Gentlemen:

We are handing you herewith your policy #3921 for \$1100, originally issued to Hans J. Edberg covering property on Dean Avenue near Mt. View, together with an assignment of the interest in the said policy by Henry B. Miller and Blanche H. Miller to the new owners, Peter McPherson and Agnes M. McPherson.

Would you kindly approve this assignment, returning policy to us. The mortgagee interest will therefore run to the McPhersons.

Yours very truly,
